BIOGRAPHY: Promise Nwankwo

ALT SCHOOL ID: ALT/SOE/025/5567

My name is Promise Nwankwo. I am a Frontend Developer. I want to become a full-stack developer, that is why I joined the Alt School Africa to learn Backend Development.

I am a passionate and curious developer who is enthusiastic about solving real-world problems with code.

I enjoy building web-based applications and continually refine my skills through hands-on experience.

I'm particularly interested in front-end technologies and creating impactful user experiences.

I joined Alt School of Engineering to gain structured, practical, and industry-relevant knowledge in software development.

The mentorship, peer collaboration, and real-world projects at Alt School provide the ideal environment for rapid and consistent growth.

I also wanted to be part of a vibrant community that values innovation and continuous learning.

My Goals for the Program for joining Alt School Africa

Become a world-class Backend-end engineer.

Master core web technologies: HTML, CSS, JavaScript, and Backend Engineering frameworks.

Build a solid portfolio of real-world projects.

Learn how to contribute to open-source projects.

Gain mentorship and career guidance.

Land a remote or on-site engineering role after the program.
